**This is a message from the California Regional Water Quality Control Board, Los Angeles Region (4).**

This notification is being sent on behalf of the Southern California Coastal Water Research Project (SCCWRP).

Basin Plan and Marina del Rey Harbor TMDL interested parties:

A reminder that comments on the work plan for the special study to investigate the scientific basis for establishing a site-specific objective for dissolved copper in Marina del Rey Harbor are due **Monday December 3, 2018**. A copy of the work plan is included for your convenience. Please send comments/questions regarding this study by email to Dr. Ashley Parks at the Southern California Coastal Water Research Project: [ashleyp@sccwrp.org](mailto:ashleyp@sccwrp.org).

A public meeting of the Technical Advisory Committee for the SSO study will be held Tuesday December 18, 2018 in Marina del Rey. The TAC will discuss the draft work plan at this meeting and respond to technical questions regarding the study. The draft agenda for this meeting is included here.

Please RSVP to Christina Rivas if you are planning to attend the meeting: [christinar@sccwrp.org](mailto:christinar@sccwrp.org).

Thank you in advance for your interest in this study,

Steven Bay  
SSO science team lead
